FAN's 30th Anniversary!**

FOR IMMEDIATE RELEASE

CONTACT: Dee Fortson, FAN Communications, jdfortson@sbcglobal.net

Evening lecture sponsored by the Family Action Network (FAN) and Challenge Success.

Friday, November 2, 2012, One Size Does Not Fit All, 7:00-9:00 PM, Skokie School Auditorium, 520 Glendale Ave., Winnetka, 60093. Ken Ginsburg, MD, Madeline Levine, Ph.D. and Denise Pope, Ph.D., all on one stage?? Join us as we welcome the return of all three of these amazing speakers for the first regional conference plenary outside of the Bay Area for **Challenge Success**, a research-based organization that grew out of the **Stressed-Out Students (SOS) Project** at **Stanford University**. Challenge Success offers curricula, conferences and other programs that present alternatives to the established notions of success in schools and families. With a focus on youth well-being, school reform, and scholarly research, Challenge Success has established itself as a significant force in the education sphere. They have chosen the New Trier Township area as their first locale, and are working with nearly a dozen school teams, consisting of school administrators, school counselors, parents and students on the two-day conference.

Dr. Ginsburg will keynote the evening plenary – you may remember him from his series of events in our area last November, where he achieved some of the highest audience approval numbers in FAN’s history. He is a pediatrician specializing in Adolescent Medicine at **The Children’s Hospital of Philadelphia** and **Professor of Pediatrics** at the **University of Pennsylvania School of Medicine**. Dr. Ginsburg also serves as **Director of Health Services** at **Covenant House Pennsylvania**, an agency that serves Philadelphia’s homeless and marginalized youth. He is the author of *Building Resilience in Children and Teens: Giving Kids Roots and Wings* and *Letting Go with Love and Confidence: Raising Responsible, Resilient, Self-Sufficient Teens in the 21st Century*. Audiences were wowed last year by his articulate, compassionate, vigorous voice on the topic of resilience.

Joining Dr. Ginsburg on stage after his keynote will be Challenge Success Co-Founders **Denise Pope, Ph.D., Stanford University Senior Lecturer**, and author of *Doing School* and **Madeline Levine, Ph.D.,** clinical psychologist and *New York Times* best-selling author of *The Price of Privilege* and the brand-new *Teach Your Children Well*. They’ll lead an interactive discussion about the meaning of success and how families and educators can help youth thrive in the fast-paced world in which we live.

Sponsored by the Family Action Network (FAN), in partnership with Challenge Success. FAN is celebrating its 30th anniversary year, and is grateful for its 2012-13 partnerships with **Compass Health Center, North Shore Community Bank, Quintessential New Trier** magazine, and **The Book Stall at Chestnut Court**. CPDUs available for education professionals; no pre-registration required. Book sale and signing by Dr. Ginsburg, Dr. Levine and Dr. Pope at the event. This program is free and open to the public. Challenge Success requests attendees register in advance for the plenary at their website, www.challengesuccess.org, though it is not required. Visit www.familyactionnetwork.net for more information.
